SET UP & PLAY

You can play Logo Bingo with up to eight people, one of whom becomes the caller and is in control of the logo tokens. Place these face down in one half of the box. Every player chooses a bingo card and takes a handful of counters.

Put the spare bingo cards to one side and place the remaining counters in the other half of the box.

The caller takes a logo token at random, turns it over and calls it out.

Any players who have that logo on their bingo cards cover it with a counter.

To keep track, the caller places the token over the matching logo on the caller board.

Keep going until there's a winner.

AIM OF THE GAME

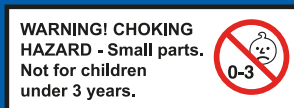

Be the first person to cover all the Logos on their Bingo card.

WINNER

The winner is the person who covers all the Logos on their Bingo cards first and shouts "Bingo!"
