

Get a question wrong?

The next player in line gets a chance at it! Keep going around the circle until the card is complete.

Entering the Winning Zone!

Once you've run out of matching coloured spaces, your piece moves into the GOLDEN WINNING ZONE!

You stay there for the rest of the game and continue answering questions from the same card if any remain.

To Win the Game

To claim a victory from inside the GOLDEN WINNING ZONE, a player or team must:

- ✦ Answer two questions in a row correctly, or
- ✦ Answer the final (RED) question on a card correctly.

If two teams or players are in the GOLDEN WINNING ZONE, the first to meet this challenge wins the game.

A Few Extra Sprinkles of Magic

- ✦ Playing in teams is wonderful when you have a mix of ages - it lets everyone shine.
- ✦ Individual play is fun when you're feeling competitive and clever!
- ✦ Whether you're answering about classic characters, movies, or magical items, every question brings a bit of Disney magic to the table.

Now gather your friends and family, pick your favourite playing piece character, and let the Disney magic begin!

Getting Ready to Play

1. Lay out the GAME BOARD.
2. Each player or team chooses a playing piece and places it on the START space symbol that matches their chosen character.
3. Place the question cards in the box with the picture side facing the players.

What's on the Cards?

Each card has 4 questions, colour-coded just like the spaces on the board:

- ✦ **Blue** - First Question
- ✦ **Purple** - Second Question
- ✦ **Yellow** - Third Question
- ✦ **Red** - Final Question

You'll come across 3 card types:

- ✦ **Picture Cards** - Featuring beloved Disney imagery!
- ✦ **Theme Cards** - All about a special topic from across Disney and Pixar!
- ✦ **Pot Luck Cards** - A magical mix of surprises!

How the Board Works

The journey takes you from the outer START space to the GOLDEN WINNING ZONE at the center.

Each coloured space on the board matches a colour question.

The first eight are in order— Blue, Purple, Yellow, Red —then the board becomes a surprise mix!

Team Play (Perfect for Families!)

The team with the youngest player goes first.

A member from the other team becomes the Question Master (QM) - they read the questions and show any images (without peeking at the answers!).

When your team answers a question correctly, you move to the next space that matches the question's colour.

If a team answers a question incorrectly, the QM asks it to their own team for a bonus move for that colour question only!

Play returns to the playing team, for the rest of the card. Then it's the other team's turn to play.

Individual Play (For Competitive Fans!)

The oldest player starts as the Question Master (QM). Questions go clockwise - starting with the player to their left.

Just like in team play, each correct answer lets you move forward to the next matching coloured space.
